Can your base station operate without commercial power? Yes No

Do you have spare batteries for your handheld? Yes No

Briefly list other pertinent info and/or ways you can assist the ARES:

Signature: _____

Date: _____

Operating locally under the direction of an EC, the Amateur Radio Emergency Service (ARES), sponsored by RAC, is a voluntary organization of licensed radio amateurs who have registered their capabilities and equipment for providing emergency communications as a public service to the community. (More info online at <http://www.rac.ca/>.) The ARES has a long history of public service going back to its formal inception in 1935. It has responded countless times to communications emergencies. Experience has proven that radio amateurs respond more capably in time of emergency when practice has been conducted in an organized group. Membership in RAC is highly desirable but not required for registration as a volunteer operator, nor does registration require possession of any special equipment. All Amateurs can be of assistance to the ARES.
